ABS Information - If your MDX is equipped with an anti-lock braking system or "ABS", the brake lines can still be bled in the traditional fashion shown on this page. The only time you would need to also bleed the ABS modulator assembly would be if the ABS modulator itself has been replaced or serviced in such a way that would introduce air into the unit. If you are only replacing components ...

Acura MDX Replacement Brake Lines & Hoses -- CARiD.com
This article applies to the Acura MDX (2000-Present). The brake system uses hydraulic action to transfer brake pedal motion to the brake callipers via brake fluid, and subsequently slows the vehicle. In order to maintain safe and efficient brake system operation, it is recommended that the brake fluid be replaced every two to three years. Glycol-based brake fluid is hygroscopic, meaning it is ...
