only tool used in this strategy - no indicators or moving averages are used. I personally use SierraChart and thus all charts presented in the course are displayed in this platform. This course includes a bonus chapter with tutorial of this platform.

Volume Profile: The
Complete Trading

Page 21/33

Online Library Anatomy Of A Strategy

To explain this in simpler terms, volume profile takes the total volume that is traded at a specific price level during the specified period and then divides the total volume.

This is then categorized into the buy volume or sell volume and makes this information available visually as it is plotted on a histogram on the y-axis.
