History Alive! Pursuing American Ideals centers on the five founding ideals from the Declaration of Independence: equality, rights, liberty, opportunity, and democracy. Each generation has struggled with these ideals. Some have made little progress toward achieving them. Others have made great progress. This book invites students to become engaged in this struggle, from establishing an American republic to the making of modern America. --Website.

NATIONAL BESTSELLER 0 WINNER OF THE PULITZER PRIZE 0 A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged foodland each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

The struggle of three brothers to stay together after their parent's death and their quest for identity among the conflicting values of their adolescent society.

Current educational reforms have given rise to various types of "educational Taylorism," which encourage the creation of efficiency models in pursuit of a unified way to teach. In history education curricula, this has been introduced through scripted textbook-based programs such as Teacher Curriculum Institute's History Alive! and completely online curricula. They include the jargon of authentic methods, such as primary sources, cooperative learning, differentiated instruction, and access to technology; yet the craft of teaching is removed, and an experience that should be marked by discovery and reflection is replaced with comparatively empty processes. This volume provides systematic models and examples of ways that history teachers can compete with and effectively halt this transformation. The alternatives the authors present are based on collaborative models that address the art of teaching for pre-service and practicing secondary history teachers as well as collegiate history educators. Relying on original research, and a maturing body of secondary literature on historical thinking, this book illuminates how collaboration can create real historical learning.

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." [New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.
