Having spent most of his life managing his servants(many of them prisoners from Rome's military conquests)he decided to write a kind of owner's manual for his friends and countrymen. The result, The Roman Guide to Slave Management, is a sly, subversive guide to the realities of servitude in ancient Rome. Cambridge scholar Jerry Toner uses Falx, his fictional but true-to-life creation, to describe where and how to Romans bought slaves, how they could tell an obedient worker from a troublemaker, and even how the ruling class reacted to the inevitable slave revolts. Toner also adds commentary throughout, analyzing the callous words and casual brutality of Falx and his compatriots and putting it all in context for the modern reader. Written with a deep knowledge of ancient culture(and the depths of its cruelty)this is the Roman Empire as you've never seen it before.

At last, a clear manual for managing slaves the Roman way. In How to Manage Your Slaves, Marcus Sidonius Falx offers practical advice, showing where and how to buy slaves and how to get the best out of them. He explains how to tell good slaves from bad, offers guidance on the punishment of miscreants, and reveals the secrets of command and authority. He covers the delicate subjects of when you should let your slaves have sex and whether to engage in sex with them yourself - and considers when to set them free. Armed with this guide you will be master in your own home: your household will be a comfort to your family, its running the envy of your neighbours. Slavery was a core institution in the Roman world for all its long existence. As they conquered, the Romans enslaved millions and then bred from this stock to maintain their numbers in times of peace. It almost never occurred to anyone that slavery might be dispensed with and to no one at all that it was morally reprehensible. Up to now ancient slavery may have been difficult to fathom: this Roman's-eye view takes us to the heart of the matter and, based on a wealth of original sources, lets us understand just why slaves meant so much to the Romans.

At last a clear manual for managing slaves the Roman way. How to Manage your Slaves offers practical answers to every question you're likely to have and guidance on every problem you're likely to encounter. Marcus Sidonius Falx shows where and how to buy the slaves for the purposes you have in mind and how to get the best out of them once you've got them. He explains how to tell a good slave from a bad, offers guidance on the punishment of miscreants, and reveals the secrets of command and authority. He covers the delicate subjects of when you should let your slaves have sex with each other and whether to engage in sex with them yourself - and considers when to set them free. Armed with this guide you will be master in your own home: your household will be a comfort to your family and its running the envy of your neighbours. Up to now ancient slavery may have been difficult to fathom: this Roman's-eye view takes us to the heart of the matter and, based on a wealth of original sources, lets us understand just why slaves meant so much to the Romans.

This speech was said to have been delivered by Willie Lynch on the bank of the James River in the colony of Virginia in 1712. Lynch was a British slave owner in the West Indies. He was invited to the colony of Virginia in 1712 to teach his methods to slave owners there.

This ground-breaking book is the first to show how the institution of slavery, one of the most characteristic and enduring features of Roman imperial society, was maintained over time and how, at the practical level, the lives of slaves in the Roman world were directly controlled by their masters. The author demonstrates, first, how the tensions generated between slaves and masters can be perceived in the ancient sources, and, second, how those tensions were dealt with, as masters treated their slaves with varying forms of generosity and punishment in order to elicit obedience from them. Special attention is given to the slaves' family lives, to their acquisition of freedom through manumission, and to the climate of violence that surrounded them. Emphasizing the harsh realities of Roman slavery in a new way, this important book will stir intense debate among scholars and students.

Fifteen years after its hardcover debut, the FSG Classics reissue of the celebrated work of narrative nonfiction that won the National Book Award and changed the American conversation about race, with a new preface by the author The Ball family hails from South Carolina:Charleston and thereabouts. Their plantations were among the oldest and longest-standing plantations in the South. Between 1698 and 1865, close to four thousand black people were born into slavery under the Balls or were bought by them. In Slaves in the Family, Edward Ball recounts his efforts to track down and meet the descendants of his family's slaves. Part historical narrative, part oral history, part personal story of investigation and catharsis, Slaves in the Family is, in the words of Pat Conroy, "a work of breathtaking generosity and courage, a magnificent study of the complexity and strangeness and beauty of the word ¶family."

Caitlin Rosenthal explores quantitative management practices on West Indian and Southern plantations, showing how planter-capitalists built sophisticated organizations and used complex accounting tools. By demonstrating that business innovation can be a byproduct of bondage Rosenthal further erodes the false boundary between capitalism and slavery.

Winner of the Los Angeles Times Book Prize in History A bold and searing investigation into the role of white women in the American slave economy ¶Compelling.¶Renee Graham, Boston Globe ¶Stunning.¶Rebecca Onion, Slate ¶Makes a vital contribution to our understanding of our past and present.¶Parul Sehgal, New York Times Bridging women's history, the history of the South, and African American history, this book makes a bold argument about the role of white women in American slavery. Historian Stephanie E. Jones-Rogers draws on a variety of sources to show that slave/owning women were sophisticated economic actors who directly engaged in and benefited from the South's slave market. Because women typically inherited more slaves than land, enslaved people were often their primary source of wealth. Not only did white women often refuse to cede ownership of their slaves to their husbands, they employed management techniques that were as effective and brutal as those used by slave/owning men. White women actively participated in the slave market, profited from it, and used it for economic and social empowerment. By examining the economically entangled lives of enslaved people and slave/owning women, Jones-Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State'and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years;it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Newbery Honor Book Coretta Scott King Author Honor Book Coretta Scott King Illustrator Honor Book Using original slave auction and plantation estate documents, Ashley Bryan offers a moving and powerful picture book that contrasts the monetary value of a person with the priceless value of life experiences and dreams that a slave owner could never take away. Imagine being looked up and down and being valued as less than chair. Less than an ox. Less than a dress. Maybe about the same as'a lantern. This gentle yet deeply powerful way goes to the heart of how a slave is given a monetary value by the slave owner, tempering this with the one thing that can't be bought or sold: dreams. Inspired by the actual will of a plantation owner that lists the worth of each and every one of his ¶workers;¶ the author has created collages around that document, and others like it. Through fierce paintings and expansive poetry, he imagines and interprets each person's life on the plantation, as well as the life their owner knew nothing about:their dreams and pride in knowing that they were worth far more than an overseer or madam ever would guess. Visually epic, and never before done, this stunning picture book is unlike anything you've seen.
