I never metaphor I didn't like: Metaphor, The Tree of Utah. Driving through western Utah's Bonneville Salt Flats affords the eccentric roadside traveler a surreal, other-worldly landscape, and it somehow seems appropriate that a Swedish sculptor would erect an 87-foot tall "tree" with giant tennis ball-like leaves painted in colorful shades here. Back in 1982, Karl Momen began building what would eventually become "Metaphor: The Tree of Utah," a masterpiece made of 225 tons of concrete ...

The murals in restaurants are on a par with the food in museums. America is an enormous frosted cupcake in the middle of millions of starving people. Critics are like pigs at the pastry cart. Describing something by relating it to another thing is the essence of metaphorical thought. It is one of the oldest activities of humankind—and one of the most impressive when done skillfully. Throughout history, many masters of metaphor have crafted observations that are so spectacular they have taken up a permanent residence in our minds. In I Never Metaphor I Didn't Like, quotation maven Dr. Mardy Grothe fixes his attention on the three superstars of figurative language—analogies, metaphors, and similes. The result is an extraordinary compilation of nearly 2,000 feats of association that will entertain, educate, and occasionally inspire quotation lovers everywhere. In this intellectual smorgasbord, the author of Oxymoronica and Viva la Repatee explains figurative language in a refreshingly down-to-earth way before taking readers on a tour of history's greatest word pictures. In chapters on wit, love, sex, stage and screen, insults, politics, sports, and more, you will find quotations from Aristotle and Maya Angelou to George Washington and Oprah Winfrey.

Metaphors show students how to make connections between the concrete and the abstract, prior knowledge and unfamiliar concepts, and language and image. But teachers must learn how to use metaphors and analogies strategically and for specific purposes, helping students discover and deconstruct effective comparisons. Metaphors & Analogies is filled with provocative illustrations of metaphors in action and practical tips.

For most of us, that perfect retort or witty reply often escapes us when we need it most, only to come to mind with perfect clarity when it's too late to be useful. The twentieth-century writer Heywood Broun described this all-too-common phenomenon when he wrote "Repatee is what we wish we'd said." In Viva la Repatee, Dr. Mardy Grothe, author of Oxymoronica, has lovingly assembled a collection of masterfully composed -- and perfectly timed -- replies that have turned the tables on opponents and adversaries. This delightful volume is a celebration of the most impressive retorts, ripostes, rejoinders, comebacks, quips, ad-libs, bon mots, off-the-cuff comments, wisecracks, and other clever remarks ever to come out of the mouths -- and from the pens -- of people throughout history. Touching on all areas of human endeavor, including politics, the arts, literature, sports, relationships, and even the risqué, the book features contributions from Oscar Wilde, Mark Twain, Dorothy Parker, Mae West, Groucho Marx, Winston Churchill, Dolly Parton, and scores more. As entertaining as it is intellectually enriching, Viva la Repatee is sure to capture the attention of language lovers and is the perfect antidote for anyone who's ever thought I wish I'd said that!

In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, How to Talk About Books You Haven't Read-which became a favorite of readers everywhere in the hardcover edition-is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

The now-classic Metaphors We Live By changed our understanding of metaphor and its role in language and the mind. Metaphor, the authors explain, is a fundamental mechanism of mind, one that allows us to use what we know about our physical and social experience to provide understanding of countless other subjects. Because such metaphors structure our most basic understandings of our experience, they are "metaphors we live by"—metaphors that can shape our perceptions and actions without our ever noticing them. In this updated edition of Lakoff and Johnson's influential book, the authors supply an afterword surveying how their theory of metaphor has developed within the cognitive sciences to become central to the contemporary understanding of how we think and how we express our thoughts in language.

See also oxymoron, paradox. examples: "Melancholy is the pleasure of being sad." Victor Hugo "To lead the people, walk behind them." Lao-tzu "You'd be surprised how much it costso look this cheap." Dolly Parton You won't find the word "oxymoronica" in any dictionary (at least not yet) because Dr. Mardy Grothe introduces it to readers in this delightful collection of 1,400 of the most provocative quotations of all time. From ancient thinkers like Confucius, Aristotle, and Saint Augustine to great writers like Shakespeare, Oscar Wilde, and G. B. Shaw to modern social observers like Woody Allen and Lily Tomlin, Oxymoronica celebrates the power and beauty of paradoxical thinking. All areas of human activity are explored, including love, sex and romance, politics, the arts, the literary life, and, of course, marriage and family life. The wise and witty observations in this book are as highly entertaining as they are intellectually nourishing and are sure to grab the attention of language lovers everywhere.

Most speakers and writers use the terms metaphor and simile as if they mean exactly the same thing. But they are not! A simile is a metaphor, but not all metaphors are similes. A metaphor compares two things, and does so more directly without using as or like. For example, the shop was a little gold-mine. A simile compares (usually introduced by like or as) two things that are generally not alike--such as a line of migrant workers and a wave, or onion skins and a swarm of butterflies.Writers and authors use similes to explain things, to express emotion, or to make their writing more lively and entertaining. Metaphors also offer figurative comparisons, but these are implied rather than introduced by like or as. Salient Features:o Thousands of widely used popular Metaphors & Similes in Englisho Inclusion of foreign Metaphors & Similes currently in use in English languageo Arranged alphabetically from A - Zo Worth recommending without second thoughtAn authoritative Dictionary of Metaphors & Similes for students, writers, and general readers!
