### ~~It Wasnt Me A Hueys Book The Hueys~~

Oliver Jeffers seems to have created the Hueys as an allegory of the human condition. I suggest in 'The Hueys in It Wasn't Me' he is considering civilisation, history, or even, current affairs. So often, children, when hearing of battles in an historical context will be completely nonplussed at their origins; we feel the same when we have to unpick arguments and try to find triggers or reasons ...

### ~~It Wasnt Me A Hueys Book The Hueys Full Version~~

Praise for It Wasn't Me: "Jeffers is a master of this sort of wry humor, with his deeply expressive gestures; generous, empty backgrounds; and quirky charm. The explosion of the argument--and stillness of the solution--resonates on just the right frequency, distilling complex emotion into something manageable and entertaining. Kids will recognize themselves here, over and over again ...

"The thing about the Hueys was that most of the time they got along. Until one day Gillespie came across a bit of an argument--"--Page 4 of cover.

What's all the arguing about? There are plenty of Hueys to go around in this hilarious story from the #1 bestselling illustrator of *The Day the Crayons Quit!* The Hueys are back! Oliver Jeffers' jelly bean-shaped creatures may look the same, think the same, and even do the same things, but that doesn't mean they always agree. The only problem is, they can't seem to agree on what they disagreed on in the first place! Which ultimately leads to an even bigger disagreement! Confused? Well, so are the Hueys. Which only adds to the fun and hilarity. Anyone who has ever had to referee an argument among siblings or friends will appreciate the absurdity Oliver Jeffers reveals in the every-day trials of getting along. Oliver Jeffers is the New York Times bestselling author/illustrator of *Stuck*, *The Incredible Book-Eating Boy*, *This Moose Belongs to Me*, *Lost and Found*, *How to Catch a Star*, *The Heart in the Bottle* (which is also a highly-acclaimed iPad app narrated by Helena Bonham Carter) and many more. He is also the ilustrator of the mega-selling *The Day the Crayons Quit*, written by Drew Daywalt. His books have won numerous awards, including the Nestlé Children's Book Prize Gold Award, the Blue Peter Book of the Year, and the Irish Book Awards Children's Book of the Year.

Meet the Hueys - a fabulously quirky group of characters from international bestselling, award-winning author/illustrator, Oliver Jeffers, creator of 'How to Catch a Star' and 'Lost and Found'. A fight has broken out amongst The Hueys. But no one can remember what they're fighting about. If only they could find an interesting distraction.

The New York Times Best Illustrated Picture Book, now in an oversized trim for added value and fun! The Hueys are small and mischievous, unique compared to the world's other creatures--but hardly unique to one another. You see, each Huey looks the same, thinks the same, and does the same exact things. So you can imagine the chaos when one of them has the idea of knitting a sweater! It seems like a good idea at the time--he is quite proud of it, in fact--but it does make him different from the others. So the rest of the Hueys, in turn, decide that they want to be different too! How? By knitting the exact same sweater, of course! The first in a series of child-friendly concept books by the #1 bestselling artist of *The Day the Crayons Quit*, *How to Catch a Star*, *Stuck*, and *This Moose Belongs to Me*, *The New Sweater* proves that standing apart can be accomplished even when standing together.

Explore the humorous world of opposites with the #1 bestselling illustrator of *The Day the Crayons Quit* and his band of Hueys! "What's the opposite of the beginning?" A sensible question to ask when opening a book that teaches the reader about opposites. But maybe we should start with something a little easier? For example, it's quite unlucky when a Huey finds himself stranded on a hot, deserted island—but how lucky it is when a fan arrives to provide some cool air! Oh, wait . . . nowhere to plug it in? Unlucky, once again. Now for a harder one: What's the difference between half full and half empty? Stumped? Don't worry, that one will make a Huey's head hurt too. In this funny concept book from the illustrator of the #1 New York Times bestselling *The Day the Crayons Quit*, Oliver Jeffers takes us on a delightful ride through the world of contraries. Praise for *The Hueys in What's the Opposite?* \* "Even readers

who know the basics of opposites will get their minds blown here, as a glass is considered half full on one page but also half empty on the next. It's not easy to be so very simple and so very clever, but Jeffers manages in this laugh-aloud offering that will get groups giggling."Booklist, starred review \* "An amusing twist on the traditional concept book by a beloved master of shape and line."School Library Journal, starred review "A clever concept book from beginning to end."Kirkus Reviews

Learn to count with the #1 New York Times bestselling artist of *The Day the Crayons Quit* and his hilarious cast of Hueys! "Is none a number?" you might ask. I'm glad you did. The answer is Yes! For example, how many lumps of cheese do you see next to you? The answer, depending on where you are, is likely "none." Counting with the reader all the way up to ten, the Hueys explain numbers as only they can. Such as: The number 4 is the number of tantrums thrown by Dave every day. 7 is the number of oranges balanced on things. And 9 is the number of seagulls who attacked Frank's French fries. Together they make quite a spectacle. But when you take away all of these fun illustrations in the book? You're left with none! This funny and accessible counting book from #1 New York Times bestseller Oliver Jeffers (*The Day the Crayons Quit*; *This Moose Belongs to Me*) gives the Hueys one more reason to be every young child's best friends. Praise for *NONE THE NUMBER* "Delightfully droll and enlightening . . . The illustrations, 'made with pencils and a bit of color' on large white pages, are deceptively simple and ridiculously funny."--School Library Journal

It isn't easy being Julian's younger brother. When Huey has bad dreams, Julian says it's no big deal. When Huey orders trout in a restaurant and it comes to the table whole with an eye looking straight up at him, Julian reminds Huey he'd better eat it all. And when Huey wants to study animal tracks with Julian and his friend Gloria, Julian tells him he's too young. But he's not a little kid. He's six years old and he's an adventurer, a chef, a tracker, a scout--and much more! Set in large type with wide margins, these five short, funny, and satisfying stories have all the originality and sparkle of the Julian books with a fresh new voice.

Huey "Piano" Smith's musical legacy stands alongside that of fellow New Orleans legends Dr. John, Fats Domino, Ernie K-Doe, and Allen Toussaint. His 1957 classic, "Rocking Pneumonia and the Boogie Woogie Flu," made Billboard's top R&B singles chart, and hundreds of artists including Aerosmith, the Grateful Dead, the Beach Boys, Johnny Rivers, and Chubby Checker have recorded his songs. The first biography of the artist responsible for hits "Don't You Just Know It," "High Blood Pressure," and "Sea Cruise," Huey "Piano" Smith and the Rocking Pneumonia Blues follows the musician's extraordinary life from his Depression-era childhood to his teen years as a pianist for blues star Guitar Slim to his mainstream success in the 1950s and '60s. Drawing from extensive interviews and court records, author and journalist John Wirt also provides new insights on Smith's professional disappointments and financial struggles in the 1980s and '90s as he battled over royalties from his most successful and profitable work. An enigmatic and guarded personality in a profession of extroverted performers, Smith made far-reaching contributions to the New Orleans music scene as a songwriter, pianist, and producer. Wirt reveals that Smith's numerous collaborations with other artists -- including the Clowns, the Pitter Pats, the Hueys, and Shindig Smith and the Soul Shakers -- served as vehicles for his creative vision rather than simply as an anonymous backup for a leading front man. Throughout this intimate account, Wirt details Smith's significant impact on rock and roll history and underscores both the longevity of his music -- which has entertained and inspired for over five decades -- and the musician's personal endurance in the face of hardship and opposition.

When Theo's photography project is vandalized, the five students nearby all claim it was not them, so Theo's favorite teacher suggests they all spend vacation week together and get to the truth.

Sometimes the walls we build to save ourselves have to come tumbling down. For the last ten years, Huey has built his life around his sobriety. If that means he doesn't give a damn about finding love or companionship for himself, well, it's probably better that way. After all, the last thing he wants is to hurt anyone else. Until Felix Rainey walks into his bar, fresh-faced, unbearably sweet—and, for some reason Huey can't fathom, interested in him. As the eldest of five kids, Felix Rainey spent his childhood cooking dinner, checking homework, and working after-school jobs. Now in his twenties, he's still scrambling to make ends meet and wondering what the hell he's doing with his life. When he meets Huey, he's intimidated . . . and enamored. Huey's strong and confident, he owns his own business—he's friends with rock stars. What could he ever see in Felix? As Huey and Felix get closer, the spark catches and soon they can't get enough of each other. But Huey's worked hard to avoid intimacy, and Felix threatens his carefully constructed defenses. Huey realizes he needs to change if he wants to truly put his past behind him—and build a future with Felix. Roan Parrish's pitch-perfect Riven novels can be read together or separately: *RIVEN* • *REND* • *RAZE*
