I finished Robert Wright's "The Moral Animal: Why We Are The Way We Are" yesterday, a look into the human mind through the perspective of evolutionary psychology. Wright is a deterministic Darwinist and firmly believes that the concept of free-will unfettered by the bounds of our species' evolutionary history is an illusion.

This is a profoundly insightful book that explores the inner evolutionary workings of the human being in regard to what we term moral behavior,

# Bookmark File PDF The Moral Animal Why We Are

particularly in the sexual realm, as Wright sees the reproductive urges and needs of the male and female animal as being perhaps the greatest inner (and thus often highly subconscious) motivators of almost all "moral/immoral" behavior and views them as the very source of the need for moral systems to start with.
